During these 13 days you will connect with your inner light and power. New growth and development opportunities will emerge. You come to know your expanded self once again.

Give yourself permission to walk in the footsteps of mastery.

DIVINE INTERVENTION is the direct path to becoming one with the power of creation, and using it for the highest good of all.

Oona Soleil

Shaman, Druid, Wisdomkeeper

Carolin Cordes and Oona Soleil are Master Teachers in the Curanderos lineage of Starr Fuentes. It was 'coincidence' that they met on a beach in Kenya. Starr Fuentes herself had been introduced to healing techniques in the heart of Africa. Jointly the Master Teachers will transfer the initiations of DIVINE INTERVENTION to you.

Carolin supports her clients in gaining clarity about their life path. She gently releases blockages and obstacles layer by layer and removes hindrances and frozen states. Her knowledge and wisdom is also rooted in her life as a naturopath and physiotherapist. Carolin's teaching style in seminars and workshops consistently receives positive feedback. The participants love her lively, powerful, and dynamic nature.

Carolin offers individual sessions, business coaching, and larger seminars such as Dimensional Mastery, Divine Intervention, The 7 Lost Lights, Light Language, and other wonderful energy techniques. She lives the ancient teachings integrated into her modern world.
